Volume 4 Issue 2

The Artery of the Alumni

June 1996

Over the years
and at younger
ages ...
G's, E's and O's
were our gauges

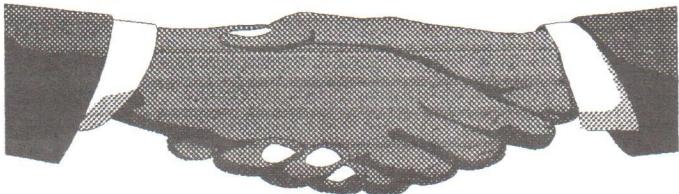

But now we've
reached the
best of stages ...
Being one of
AFTAC's
SAGES

FRANK HALL

Our recognition this quarter goes to someone who has, more than anyone else, been the driving reason for the last several years of success of the Alumni Association. Frank offered to be president in 1989; prior to that the association had been inactive since 1987. With the help of a few key people he got the association on its feet again and the Alumni "doing" things for the Alumni, and for AFTAC. Before you knew it, we were organizing regularly scheduled golf outings, generating a substantial membership, getting the word out to the maximum extent and pretty much making a presence of ourselves. He followed himself in office the following year and has been our "perennial" vice or president until this year. A Sage Salute to Frank Hall ... thanks ... and please ... keep on keepin on.

Congratulations FRANK HALL

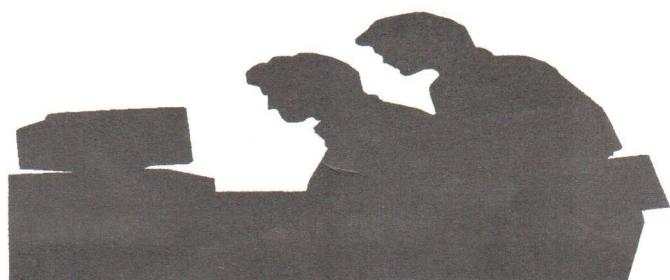

AFTAC ON THE INTERNET

submitted by Judy Milam

<http://www.aftac.gov> ... AFTAC is on the INTERNET! Did you ever think you would see AFTAC advertising on its own Home Page for all the world to see? Well, the world is changing and so is AFTAC.

The AFTAC Alumni Association even has a special section on the Home Page which includes upcoming events, along with our mailing address, cost of dues, and list of officers. Upcoming events are updated periodically so you can keep track of latest plans.

In addition to the Alumni section, there's lots of information about the organization. Included are copies of the MONITOR--AFTAC's active duty newsletter--with a message from the Commander, lots of pictures, and reports on our personnel at the headquarters, Tech Ops Division, and around the world. Also included are AFTAC's goals and mission statement, messages from several of AFTAC's directors, AF news releases, information about our detachments, and information about the 50th anniversary events scheduled for September 1997. I think you'll be impressed! It's a really informative Home Page, created by AFTAC's Public Affairs office (SrA Amy Webb). Boot up and CHECK IT OUT!!!

SPRING PICNIC

submitted by the editor, assisted by Carl Gailey

The spring picnic was held on April 6th and all present had a great time. The Alumni held up their end of the "work ethic" by being "beer wagoneers," arranging for the emergency vehicle (that was thankfully unneeded) and funding a petting zoo (much appreciated by the young pre-monitors).

The following Sages were seen around the beer wagon a lot, and, given the benefit of the doubt, receive credit for being "beer wagoneers" Curt/Eunice Harris, Chris/John Horsch, Frank Hall, Tom Niquette, Bob Wiley, Rick Manley, Howard Dibble, Terry Hammond, Carl Gailey, Swede Swansen and Tom Ciambrone

Horseshoes were a big treat for some of the Alumni (the only sporting event I saw occurring during the day). "Shoeing others", as usual, were Bill McClelland and Galen Pound (Howard Dibble just could not do it without Tony DeMarco this year). Other Alumni seen giving their all to the toss were Rick Manley, Bob Wiley, Frank Calenda, Carl Gailey, Terry Hammond and Dave O'Brien.

The Alumni had also requested a tent be set up for a conversation (reminiscing) area away from the entertainment pavillion. This was not only popular with those who wanted a break from the very good entertainment provided for the day, but also by those who had younger children who needed a restful spot for a nap. We also suspect that there were several alumni envious of these younger naptakers, and if a larger mat had been available, would have joined the small AFTACers.

The day was beautiful, the food was plentiful, if not wondrous, and we'd like to see more Sages and their families there next time.

THE 'ROUGH RIDER'

AFTAC Alumni sponsor golf

submitted by Clark Creery, Reporter at-large
assists by Frank Hall and Judy Milam

Dateline, May 10, 1996 -Baytree Golf Course-Brevard County Florida - 144 duffers took to the greens in a procession of carts that staggered the imagination. Mother nature cooperated with our plans and she gave us a perfect golfing day. High temperatures, a light breeze, and a very warming sun that forced the players to make pit stops at holes 4, 12, and the clubhouse. In fact, the clubhouse ran out of the amber fluid midway through the tournament and the staff had to relocate (borrow) the keg that was located on hole 12.

Al Pavik and Jim Heinbaugh were present and it was exceptionally nice to see Al after all of these years. We thank him for coming to the tournament and placing his life in the hands of Jim Heinbaugh who drove him around the course in a maintenance cart. Tom Niquette noted later that; "I made the 6 foot putt with the help of Jim Heinbaugh and his control of the crowd!" Of course, Al chimed in; "It was Jim's fault, it was NOT me!" Jim left early because he forgot to get a "Kitchen Pass" and was afraid that he would be banned from Baytree for life.

Carl Gailey was out about the course making sure that all the refreshments were properly maintained and with Carl's driving we heard something about "Shifting Left". (pg. 3)

Our thanks to those who came to help keep the tournament running smoothly: Bev Hall; Swede Swansen; John Horsch; Judy Milam; Carl Gailey; Frank Hall; Wes Tracey; Ruth Karlichek and Clark Creery.

Those of us who were working the main clubhouse did notice Trish Sexton running from a lone cart to somewhere in the clubhouse. She evidently was upset about some 'Aggie' jokes and retreated to the powder room to regain her composure! We are not certain, however, we do believe that the remainder of her group hoofed it back.

The foursome of Oyer, Couch, Eddleman, and Hoy must have been having one heck of a day because if scowls were smiles, they would have won first prize. With the "Frank Hall memorial scoring system" (FHMSS), 144 duffers were evenly placed and at the end of the tournament minus twenty-six was the winning score.

The photographic record of the event was provided by Judy Milam who has this knack of taking pictures in the dark with her finger over the flash attachment sensor hole? Possibly in a later newsletter we will provide the photographic evidence that the tournament actually took place.....

The success of the Golf Tournament was in great part due to contributions made by some extremely valuable organizations within the local area. These organizations deserve special recognition and are listed below:

Grand Prize

Set of Titleist irons valued at \$525 donated by Command Technologies Inc. in Satellite Beach. The winner was John Taylor.

Thanks Command Technologies Inc

Big Bertha driver valued at \$200 donated by SAIC in Melbourne. The winner was Frank Martinez.

Thanks SAIC

Golf bag valued at \$129, won by Steve Hall and golf balls valued at \$170 were donated by McDonnell Douglas Space and Defense Systems.

Thanks McDonnell Douglas Space and Defense Systems

32 rounds of golf at Baytree donated by the Baytree Golf Course. Won by eight players, valued at approximately \$800.

Thanks Baytree Golf Course

Probe putter donated by Mr. Gerry O'Neil, won by Pat Murphy.

Thanks Gerry

Putter donated by Chris Niquette (son of Tom Niquette), won by Jim Sweat.

Thanks Chris

\$50 gift certificate from Bernard's Surf donated by Quantum Technology Services, Inc. of Cocoa Beach.

Thanks Chic Garcia

\$25 gift certificate from the Space Coast Credit Union, won by Lee Severance.

Thanks Space Coast Credit Union

Head covers and hat donated by the Golf Shop of Cocoa Beach, won by Mike Hoy and Tim Ferris.

Thanks Bob Monday

Hole-in-one contest donated by Nevada Bob's, valued at \$500 (no winner).

Thanks Nevada Bob's

Tournament winners who received cash awards were:

- 1st place-Chris Toale, Scott Murray, Andrew Rhodes and Michael Schroeder
- 2nd place-David Lebrun, Scot Lynch, Joey Vermillion and John Vanderburgh
- 3rd place-Matt Audo, Steve Headley, Steve Scott, and John Francey (pg 4)

Mulligan Ticket sales went well and at the final ceremony names were drawn for a slew of golf balls and to list those winners would inundate this newsletter.

A special thanks to Frank and Bev Hall who put this thing together and made it a success. The food was good, the refreshments were cold, and the camaraderie was exceptional! Thanks for a good tournament.

Baytree has agreed to permit us to return in **1997** and we have already set a date for that tournament. That will be **9 May 1997** and you can watch for more information as we approach that date. In closing, we of the AFTAC Alumni staff want to thank all who participated and especially the staff of the **Baytree Country Club** and Tom Niquette for permitting us to 'ride the rough' at this beautiful facility.

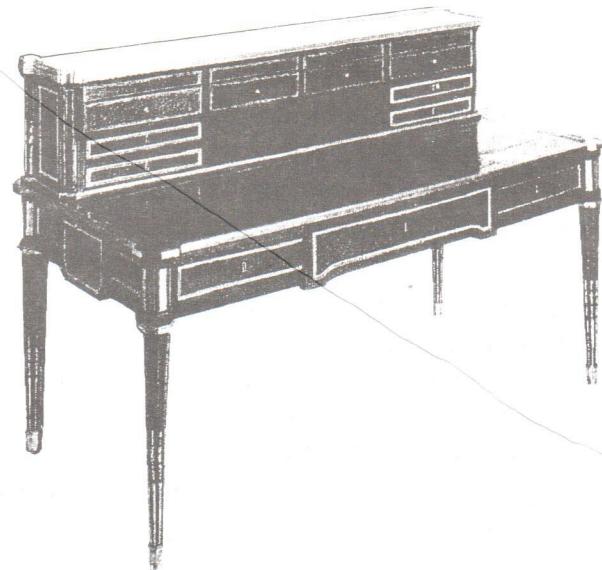

STAND DOWN BREVARD

submitted by Clark Creery

18 May 1996, at the stroke of 8AM, congressman Dave Weldon officially opened "Stand Down Brevard". Sheriff Jake Miller followed with words of thanks and wisdom as did Sergeant Major Crosby from the State of Florida. What was this? Jack Jackson of our Alumni managed to work with the Veterans Association and today was the first day of its kind in Brevard County. The logistics and the planning that went into this operation had to be astounding. It involved organizations like, the Brevard Public Health agency, Coastal Ambulance, McDonalds, Burger King and the like. This was a day when homeless veterans could come into the shelter at the 705th Armory and receive clothing, haircuts, showers, medical attention, legal and job assistance, chaplain services and a host of other needs. Needless to say, this reporter was there to witness what Jack had put together, and he not only deserves a vote of thanks from us, but also from all veterans who came for assistance.

The AFTAC - Camelot Connection

submitted by Mary Welch

Over the past several months, media coverage of the preparation and final auction of the personal belongings of Jacqueline Onassis has been unequalled. Magazine articles, newspaper items, TV interviews, etc., have identified the numerous items released for auction by the Kennedy children. Most of the items were very personal; i.e., photos, furniture items from the private White House and residential quarters, jewelry, sporting equipment, etc. We all read the articles, heard the TV recaps, etc.; there was no way to avoid the subject.

After reading the above paragraph, I am sure you are now subconsciously saying -- so what! Believe it or not, one of the items auctioned by Sotheby's had a direct historical connection to AFTAC, and one of the missions this organization acquired more than 30 years ago.

The Louis XVI ormolu-mounted mahogany 'bureau plat and cartonnier' - the (pg 5)

White House desk used by President Kennedy to sign the 1963 Nuclear Test Ban Treaty - was one of the estate pieces turned over to Sotheby's by Mrs. Onassis's children. As some of you will recall, AFTAC was a significant contributor to the treaty contents, and monitoring of the treaty provisions is a major portion of AFTAC's current mission.

Personnel at AFTAC became aware of the availability of this historical item from an article published in the 4 March 1996 issue of NEWSWEEK magazine. Immediately, action was initiated by AFTAC at the Secretary of the Air Force level to try and acquire this piece of history for inclusion and display in our *HALL OF HERITAGE*. Alas, our attempts failed -- we were just unable to breach the bureaucratic and political maze between the government and private sectors.

The desk, valued at \$20,000 to \$30,000, sold at the Sotheby auction on 24 April 1996, for \$1.43 million. The buyer was identified as a European foundation.

Pictures of this historic desk, and the prominent government officials present during the treaty signing in 1963, are on display in the lobby of the HQ building at Patrick AFB, FL.

PHOTOS NEEDED FOR ALUMNI WITH 20 YEARS AT AFTAC

Co-submission, Judy Milam and Mary Welch

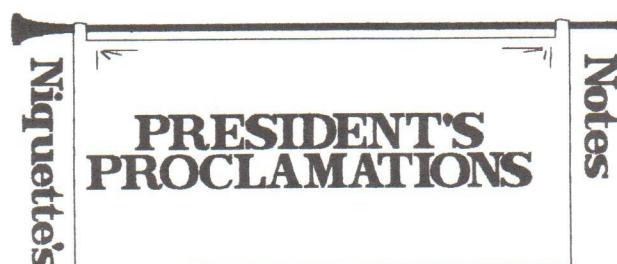

AFTAC's Commander, Col. Glen D. Shaffer (BG Selectee), recently initiated a project to collect individual photos of personnel who have served 20 years or more in the Long Range Detection mission. Time served can include military or civilian service (or a combination of both) with AFTAC or its predecessor organizations (including HQ and field locations). Individuals may be currently on active duty, retired, or deceased.

The photos will be framed and hung within the AFTAC headquarters, as space allows, and will include a brief summary of when and where the individual served (mission areas, HQs directorate/detachment/squadron name[s], etc.).

We need your help to make this happen. If you worked in the Long Range Detection mission for 20 or more years, we need your picture and a summary of when and where you worked. Pictures/summaries may be sent to:

AFTAC Alumni Association
P. O. Box 254892
Patrick AFB FL 32925-0892

To allow preparation of the display prior to the 50th Anniversary of Long Range Detection (September 1997), request that pictures be submitted ASAP. Questions about this project may be addressed to Judy Milam, 407-494-3760. Editors Note: A poster, (suitable for framing) concerning this anniversary celebration is at the back of this newsletter, please review and plan to attend.

Hi Gang -- Well first things first. John and Chris Horsch have volunteered to take over (edit) the newsletter. This will not only save us some bucks, but will add a personal touch that we need. Thanks, John and Chris.

The AFTAC golf outing at Baytree National Golf Links was a big success, due in large part to Frank Hall. He put it all together plus he got some nice prizes from several corporations that do business with AFTAC. As always, Judy, Carl and Clark pitched in to help make it a very enjoyable day for all. (pg 6)

Again, it is time for me to ask you to write to us about our 50th anniversary. We need your input. Do you have questions or suggestions? We want to hear from you.

Last but not the least, at our April meeting the Commander of AFTAC, Brig. Gen. (Select) Glen Shaffer formally presented the President's award for AFTAC Alumnus of the Year, to former Alumni President Clark Creery. A super award to a super AFTACer!

P.S. Just before the start of the golf tournament, a surprise guest showed up. Alvin L. Pavik. He was in town doing some work for his company and just couldn't stay away. He looks just the same!!

The Horsch's Mouth
58-87

Editorially Speaking

This is our first newsletter effort. We start by recognizing all the work Clark Creery has done over the years he was responsible for putting this "artery" together and hope we can do his legacy honor. We have some ideas to try out on you, the reader, and trust you will let us know what you think and to forward any suggestions.

Secondly, we apologize for publishing this issue early, and maybe missing some of your later letters (we'll catch them with the next issue), but we plan on going to the Colorado reunion, and a few points North and West from there ... so thought it best to get it mailed out before we left.

Let us first share with you some ground rules we "try" to follow with the newsletter. Because of the arrangement we have with the printer we shoot for having a number of pages divisible by 4 so "long" paper may be used and thus cut printing costs, and 16 pages is the maximum amount allowed by our postal

agreement (in reviewing past issues 12 pages seems to be the norm). We will put together what you give us through your inputs and what submissions we receive from the alumni board-each article is reviewed by several people for appropriateness (security, wording, etc.). Four issues a year will be prepared for publication in March, June, September and December. We will attempt to fill issues with words and pictures/clipart that are as interesting as possible, and know you will help us along the way. We see this as your newsletter, we put it together according to your input and wishes.

Now, to some of the ideas: note the name "Post-Monitor"-we felt it would be a grand idea for the alumni newsletter to have a title, and one that builds on the current active-duty newsletter, the "Monitor" - thus "Post-Monitor" came to mind. We'd like to encourage (as Clark so often did) your letters-we'd also welcome them being sent, *if they are of general interest requiring no action*, by e-mail to us, chrisjohn@juno.com (doing this saves us a retype). However, *letters requiring any action should continue being sent to the associations mailing address, AFTAC Alumni Asc, PO Box 254892-Patrick AFB, FL 32925-0892*. We also encourage an exchange of e-mail addresses, and if you will provide same, with or without a letter-and unless you otherwise specify-we will print your 'eddress' for others to see/use (perhaps if response is strong enough we'll prepare a separate column of nothing but e-mail 'edresses'). We'd also like to encourage you to include with your letters/e-mail the year "dates" you were in AFTAC (i.e., 58-87). We believe this helps the reader fit the writer into an appropriate AFTAC "era." We have also asked Judy Milam (Alumni Secretary), to provide a short synopsis of the minutes of our monthly meetings, which in her usual expert manner, she has provided (see following).

THE BOARD MEETS

Alumni Board Members: President-Tom Niquette
Vice-Fred Van Dyke Secretary-Judy Milam
Treasurer-Carl Gailey Membership-Mary Welch
Activities-vacant Publicity-Swede Swansen

submitted by Judy Milam

A FEW MINUTES FROM THE MINUTES

MAY 1996 MEETING: A review of the golf tournament was the top subject of the meeting. The tournament was a huge success, we had a full field lined up nearly a month before the tournament. Frank Hall did an outstanding job obtaining donated prizes and organizing the tournament, golfers enjoyed the great course and volunteers did an excellent job keeping everything on schedule. A word to the wise: if you want to play in the next tournament, sign up early. The newsletter has some format changes and John & Chris Horsch are the new newsletter editors. One of the changes is the "Minutes from the Minutes" column which is a summary of our monthly meetings. The death of active duty AFTAC civilian, Larry Himes, was reported; Larry died in a bicycle accident. Ben Vlassick will have a display of previous reunion pictures at the Colorado reunion in June. The executive committee talked about the Alumni Association's purpose--that we're a social organization and we will not become involved in political issues.

APRIL 1996 MEETING: Col. Glen Shaffer (Brig. Gen. Select), AFTAC Commander, presented the AFTAC Alumni of the Year award to Clark Creery. Frank Hall reported on

the progress of the 10 May golf tournament at Baytree. John and Chris Horsch volunteered to become the newsletter editors. The Alumni Association donated \$150 to cover the ambulance at the AFTAC picnic, but since the ambulance didn't cost anything, the \$150 was used to pay for the petting zoo (with Alumni Association approval, of course). We also donated some clothing items for give-away at the picnic. Information will be included in the newsletter about the new HQ policy of displaying pictures of personnel who have been at AFTAC 20 or more years. A flyer announcing the 50th Anniversary of Long Range Detection--14-16 September 1997--will also be included in the newsletter. (editors note: this poster appears at the back of this issue) Mary Welch is working on a project to identify families with two or more generations who have served AFTAC; many members have already been identified.

MARCH 1996 MEETING: A flyer was distributed for the 10 May 1996 golf tournament to be held at Baytree National Golf Links. The newsletter was a big subject, since the resignation of long-time editor, Clark Creery. It was decided that since no volunteer had come forward to take over the job, we would pay PrintFast to set up the March newsletter and pay the additional fee to cover the set-up. The Association voted to provide funds to cover the ambulance for the AFTAC picnic. Picnic tickets were offered for sale to alumni by active duty members. Col. Glen Shaffer stopped by the meeting and talked about his new policy of displaying pictures of people with 20 years at AFTAC. Criteria for the Alumni of the Year was discussed and it was decided that the board will establish criteria each year to allow flexibility. A policy was established that we will adhere to the monthly meeting schedule of holding executive board meetings on the second Monday of the month whenever possible; meetings will be rescheduled to accommodate holidays that fall on the second Monday.

MEMBERSHIP REPORT

submitted by Mary Welch

Our membership grows gradually, as we continue to locate former AFTACers worldwide. As of 1 March 1996, the Florida Chapter of the AFTAC Alumni Association had 625 members. Of this number, 300 were paid lifetime members; 13 were complimentary lifetime members.

One of our Florida Chapter members (a former "F" trooper) recently loaned us his copy of his collection of orders, decorations, awards, etc., that he had accumulated during his tenure with AFTAC. We are currently reproducing some of the unique documents for inclusion in our Hall of Heritage displays. The special and general orders in his collection have proven to be an excellent source of personnel names during specific time periods.

REMINDER!!!!

Annual membership dues (\$10.00) need to be remitted by the first of October 1996. This reminder does not apply to our lifetime members, nor to our members that have paid multiple year dues.

Dues mailing address:

AFTAC Alumni Association
P O Box 254892
Patrick AFB, FL 32925-0892

IN MEMORY OF

Mr. Larry Himes, 5/12/96

TSgt George Cruz, 1/25/96

May they both
Rest in Eternal Peace!

LETTERS

Letters requiring any type of action should be sent to
AFTAC Alumni Asc., PO Box 254892-Patrick AFB, FL

Items of general interest, requesting no action, may be
e-mailed to the editors, chrisjohn@juno.com

MELBOURNE, FL

Dear Staff,

I could not wait to share a really first class experience that I had last evening. If you folks remember, several years ago, I wrote about a retired AFTAC'er whom I have known for many years. I had the opportunity to visit with him once again, yesterday (March 24, 1996) in Orlando. His history with AFTAC was relatively short, however, he has the heart of a trooper. He says little about his current position, however, it is evident that he is respected by personnel from all over this country. He is a National Director of the Paralyzed Veterans of America (PVA). I had the opportunity to meet and chat with members from all over the country and Jerry is the hub of activities with that organization. Yes, I am speaking about an Ex-AFTAC member named Jerry Sandage. He hails from Lincoln, Nebraska, and was in Florida for a national convention. Naturally, Jerry called me to ask if I might have (pg 9)

time to go to see him in Orlando. That is Jerry-HAVE TIME? I made time and the quality hours we spent together discussing old times at Det 370 and the "Red Schoolhouse," our stay at the "Gardensten Arms," our families, and those whom we remembered from times gone past still makes me proud to know this gentleman. We discussed Max Thompkinson, Dale Woods, Harm Anning, and a host of others that I will never forget. AFTAC has a way of cementing lifelong friendships and this one is no exception. Dave Whatley and I spent 45 days at that location in 1971 and the friends we made remain today. Jerry is doing well, he handles his wheelchair like a trooper and his support for his local chapter in Lincoln goes undaunted. I just thought you might like to hear who was in town this weekend!

Clark Creery, clark312@metrolink.net

LAWRENCE, KS

Dear Staff,

NOSTALGIA! Once more. How many of you remember the BUSH (Buy U.S. Here) program in the early sixties? They tried to make us all buy U.S. made autos, by prohibiting shipment of anything but American Makes under 5 years old. I guess no one had told them you could ship an auto from almost any European port to New Orleans for \$85-\$100.

Then comes the best, they tried to make us drink American Beer by raising the prices of European beers in the Beverage Stores. This did not last too long, because most Americans knew you could make a local phone call and have beer delivered to all housing areas at much better prices.

Jack D. Wagley (The Old Airman)

COCOA BEACH, FL

Dear AFTAC Alumni Staff,

I believe I was the first life time member of the

AFTAC Alumni. I am sorry my family and I were unable to attend the picnic. I retired from AFTAC in Nov. 74 and have tried to be active in supporting the Alumni. I presently have a lovely wife (Hanna), a 28 year old son (David), and a 28 month old daughter (Jessica), and American Limousine Service. So on behalf of all of us I have enclosed a check for \$50.00 to assist AFTAC Alumni Staff for an outstanding job.

Sincerely,

FAX: (407)799-2300
Donald W. Homol, PHONE: (407) 799-2300

HERNDON,VA

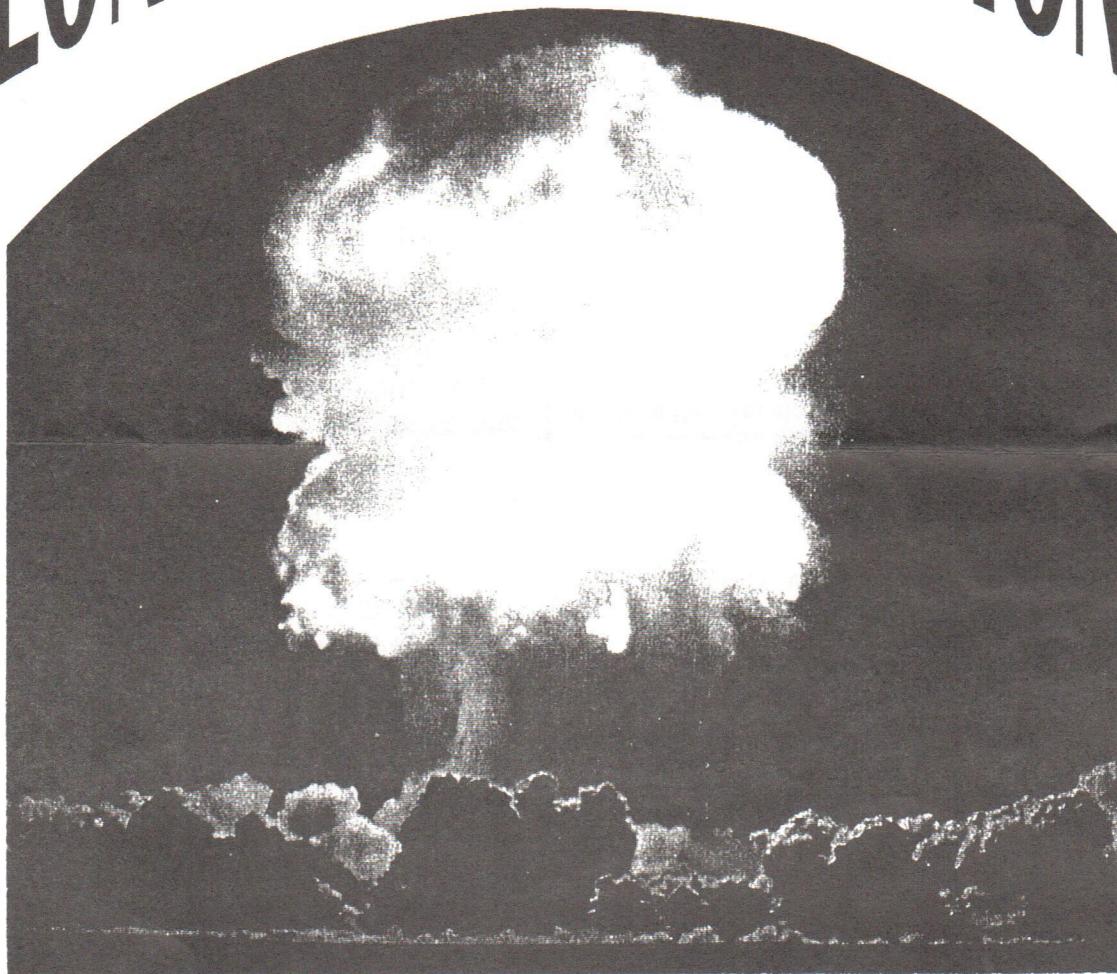

Dear Staff,

I well remember images of Det 301. While there, 'Pops' our maintenance man fixed up the two bulldozers we had. Old Davey Campbell and I could not resist relandscaping around the det, so off we went. Well HQ decided it was time for inspection. MSgt McGettigan thought I should take a swipe at the drainage ditch behind the det. I leaned the TD-6 (I think), an old cable blade, over 45 degrees and started down the ditch. When I got to the end several came out the back door yelling and screaming. I had shut down the H & part of the B techniques when I cut through the main power cable. Thank God I had done it under Sarge's instruction. The maps had clearly shown the wires overhead. Well, now we knew where they were. --- I like the accessibility with your new network handles. Maybe I'll be the first external to try it out.--- The six years I gave AFTAC - were the best, what a privilege. Hi to everyone and keep up the good work.

Ron Cook - eastern, cook@seismo.css.gov

P.S. Does anyone know the middle name of the other Ronald W. Cook? Mine is Warren.

50 YEARS OF LONG RANGE DETECTION

Please mark your calendar before you forget ... do it NOW

AFTAC Alumni Membership Meetings

All members and prospective members are encouraged to attend:

WHEN: JUNE 10... JULY 8 ... AUG. 12

(second Monday of every month)

WHAT TIME: 1730 (5:30 PM)

WHERE: AFTAC HQ building

HOW: meet in lobby and a Board Member will meet , greet and escort

AFTAC Alumni Newsletter Mailings

WHEN: SEP 16 ... DEC 12, 1996

COLORADO REUNION

submitted by the editors

Ben Vlassick, the Arranger Major of the reunion recently sent us an update of "'96 Reunion News", and it definitely looks like it's going to be a good one.

Also, he recently e-mailed news that the AFTAC Commander, Col. (BG Select) Shaffer is scheduled to be there - this will give all attending Sages a chance to meet and greet the "Boss."

Other activities to look forward to are a sightseeing/gambling (dependent on your bent) tour to Central City, a visit to the Lowry Museum (of real interest to those of us who served some time there), the U.S. Mint, the Coors Brewery (for some, a possibility this may have been their first legal beer), and the Denver Museum.

The gatherings sound great, we know the food will be good, and we cannot imagine what the camaraderie will be like; we just can't wait to see everyone and everything ... see ya'there!!
